PROJECT UPDATE AND SCHEDULE

The crew has continued putting in permanent water service connections. Over the week of June 1st, they will continue working on the water services and storm sewer and will also begin grading and shaping the roadways in preparation for cement stabilization and begin installing temporary water services.

Reminder residents will experience a brief water interruption when their service is switched from the temporary line to the new permanent connection. Additional notice will be provided before any service disruptions.

If you have questions or concerns about the project, please feel free to contact Justin Eccles with AP & Sons or Banner Associates.
