OWNER:
Name: City of Clear Lake
Address: 125 3rd Avenue S, Clear Lake SD
Phone: 605.881.8056
CONTACT: Elliott Furman

PROJECT UPDATE AND SCHEDULE

AP & Sons finished working on installing storm sewer pipe and drain tile along 2nd street, as well as removing the old storm sewer network that ran along 2nd street. They will begin this week by grading out the roadway and preparing for soil Cement

Curb and gutter installation continued on the 25th, there was a slight delay due to a cable needing repair, however, they were able to continue curb and gutter installation the following day without any more issues. The contractor was able to install curb and gutter on 1st street between 9th and 8th ave, all of north street, and most of 8th ave, other than the east side of 8th between 1st and 2nd street. All cast in place storm inlets and boxes will begin being formed and poured starting on the 31st, that will be their main focus as those will need to be finished before soil cement can take place.

REMINDER: Residents without alley access can expect temporary restrictions to driveway access while the newly installed curb and gutter cures. Please use adjacent streets for parking during this time.

If you have questions or concerns about the project, please feel free to contact Justin Eccles with AP & Sons or Banner Associates.
