PROJECT UPDATE AND SCHEDULE

AP and Sons continued working on base course installation on 2nd Street and continued final grading operations on adjacent streets in preparation for asphalt installation, which is tentatively scheduled to begin on October 12th, weather permitting.

TM Altena poured curb and gutter on 7th Avenue between Circle Dr and 2nd Street, and on the north side of 2nd Street from 9th Avenue to 7th Avenue. Fillets were also installed at the intersection of 1st Street and 8th Avenue. TM Altena will continue installing valley gutters and curb on the south side of 2nd Street this week.

REMINDER: Residents without alley access can expect temporary restrictions to driveway access while the newly installed curb and gutter cures. Please use adjacent streets for parking during this time.
